[5]

HISTORICAL NOTE

A list of all students previously graduated from the Seminary was included in the *Annual Catalogues* from 1841-42 to 1848-49. As the number of names increased a series of *Triennial Catalogues* appeared in 1850, 1853, 1856, 1859 and 1865, containing lists of officers and members of the Board of Directors and of the Faculty and teaching staff, and members of each graduating class from the beginning. Brief biographical records of each alumnus were first given in the *Triennial Catalogue* of 1865, which was followed by a *General Catalogue* in 1876, both compiled by the Rev. Edwin Francis Hatfield, D.D., for many years stated clerk of the General Assembly of the Presbyterian Church, who was Recorder of the Board of Directors of the Seminary from 1864 to 1874. The same plan was followed in later editions of the catalogue, which appeared in 1886, 1898, 1908, 1918 and 1926. Records of all members of the Faculty and teaching staff were included for the first time in the edition of 1918. All five editions from 1886 to 1926 were compiled by the Rev. Charles R. Gillett, D.D., L.H.D., Alumni Secretary, who has coöperated also in the preparation of the Centennial Edition, which has had the benefit of his editorial experience of more than fifty years and his personal acquaintance with successive generations of students and alumni.

EXPLANATION

The *Alumni Catalogue* contains brief records of all former students of the Seminary who completed at least one full year of study, whether graduated or not. Alumni are listed under the year of graduation of the class with which they were associated; if as students they were graduates in theology they are listed under the year in which they received a degree or completed a year of study.

Under each year the names are arranged in two alphabetical lists. The first contains the names of those graduated with diploma or certificate or a degree conferred by the Seminary, or who completed a full course of study for three years. The second list includes those who completed at least one year of study but did not receive a Seminary degree. In the second list are to be found the names of those who were granted the degree of M.A. by Columbia University upon recommendation of the Faculty of the Seminary, and also of those who worked for the degrees of Ph.D. and Ed.D. under the agreement between the University and the Seminary.

Beginning with the first graduating class in 1930, alumni of the School of Sacred Music are also arranged in two lists, the first containing the names of those who graduated with the degree of M.S.M., the second list including the records of those who received certificates and of others who completed at least one year of study but not a full course for two years.

Individual records of alumni include the name in full, college graduation with date and name of college, later graduate study and seminary training with dates of residence and degrees, date of ordination with name of denomination and of the ordaining body, pastoral charges and other positions held after graduation with dates, place and date of death. Honorary degrees, with name of the institution which conferred them, and dates, are also listed.

A single date after the name of a college indicates the year of graduation with the degree of B.A., which is to be understood unless another degree is mentioned. Other degrees are named, but the degree of B.A. is not listed except in the records of alumni of the School of Sacred Music, and elsewhere when there seemed to be a special reason for naming it. Entries following college graduation give the period of study in residence in seminaries or in other institutions, with degrees received. In these entries single dates indicate either the year in which a degree was received, or study during only one term, either spring or fall according to the context.

The name of the ordaining body and the exact date of ordination when they could be ascertained are given with the name of the denomination. In listing successive pastoral charges the name of the local church is given if known and the denomination of each local church is understood to be the same as that of the preceding entry or entries unless otherwise noted. If there was a transfer to another denomination the new connection is stated.

Information has been sought and obtained as far as possible from each alumnus for his own record. But in the absence of a reply to repeated requests it has frequently been necessary to secure available data from denominational clergy lists and other sources. In such cases the source of information is named at the close of the record, or if no information could be found (§) indicates that no reply was received. If nothing is known about an alumnus, and no address could be located, the name is marked with (†).

Names of the deceased are indicated by an asterisk (*) both in the records and in the index. Names of alumni deceased prior to 1926 are listed in this edition of the *Catalogue* with place and date of death, but the detailed records have not been reprinted, since they may be found complete in the *Alumni Catalogue* of 1926.

WofC	Wofford College, Spartanburg, S. C.		

INDEX

Arabic numerals alone, following the name, indicate the year of graduation. When preceded by "p" the name will be found in the second alphabetical list under the given year. In all cases the first two figures of the year are omitted.

Names of members of the Faculty and of others connected with the teaching staff are printed in *capital letters* and are followed by *roman numerals* which refer to the pages preceding the records of alumni, where records of the Faculty and teaching staff are given.

An asterisk (*) follows the names of the deceased. Detailed records of alumni deceased prior to 1926 will be found in the *Alumni Catalogue* of 1926.
